

PRESS RELEASE

LOGPAY Donates to Villa Luce for Christmas.

Eschborn, December 11, 2024 – Supporting social organizations and institutions in the Main-Taunus region is a matter close to LOGPAY's heart. This year, LOGPAY Group, part of the Volkswagen Group, is contributing to Villa Luce, a facility operated by Lebenshilfe Main-Taunus e.V., with a donation of €2.500.

Villa Luce, part of the Eschborn Residential Network, provides individuals with various disabilities the opportunity to lead self-determined lives. The shared living facility accommodates 20 residents who live independently in a familial and supportive environment.

In light of growing societal challenges, such as the shortage of skilled workers in care professions and the need for greater social inclusion, Villa Luce offers a residential model that emphasizes not only individualized support but also community and participation.

Donations enable Lebenshilfe Main-Taunus e.V. to implement vital projects that enhance the quality of life for people with disabilities in the Main-Taunus region.

For more information about Lebenshilfe Main-Taunus e.V. and Villa Luce, including the option to make a donation, please visit: <https://www.lebenshilfe-main-taunus.de/portfolio-item/villa-luce/>.
